1. I understand that I am requesting the City of Logansport build and erect sidewalks/curbs/guttering on the above foot frontage at its earliest convenience and that the property is located within a TIF district. Further, I understand the RDC will be paying for 50% of the total project up to a maximum of \$5,000.00, and I will be responsible for paying for the remainder of the total invoice.

2. I understand the funds must be used for the project described in this application and that the Logan's Landing Association Design Committee (Downtown TIF only) and the Planning Department must review the application and approve it prior to beginning construction. I understand that failure to comply with the approved application may result in losing my eligibility to receive funds.

3. I understand that there is a possibility that tree roots will be in the way of erecting a new sidewalk/curb/guttering. If that is the case, the tree roots may need to be removed at an additional minimal cost to the applicant/property owner solely. The contractor will be able to inform you if this is necessary.
